GST-FREE CONCESSIONS

CHARITIES

Fehily Advisory

Up front: Don't fall into the two main traps?

There are a number of GST concessions that apply to many entities in the Charitable sector, but don't fall into a trap by thinking:

- Charities 'are exempt'
 - No such thing as an entity or person being exempt from GST
 - Specific supplies made by specific entities are treated concessionally
- Being 'charitable' or being a 'not for profit' is not enough
